EDUCATION

M.E. Computers

MET BKC Institute of Engineering, Nashik.

2023 - Present

B.E.Information Technology

MET BKC Institute of Engineering, Nashik.

2019 - 2022

Diploma in Information Technology

Sandip Polytechnic, Nashik.

2016 - 2019

EXPERTISE

- Machine Learning
- Data Science
- Python Programming
- Bootstrap
- Software Testing
- Computer Networks

About me

Analytical and motivated Python Developer with experience designing, debugging and troubleshooting applications using Django and Python coding languages. Also two years experience in training of various programming languages.

WORK EXPERIENCE

Senior Software Developer & Python Trainer

Global Source Technology | 2021-Present

- Design front end as well as back end of 34+ machine learning applications based on Django Framework to make applications user-friendly and easy to use.
- Develop and add custom tags into the template code to simplify it for easier use.

Software Test Engineer

DreamPix Software Solutions | 2020-2021

- Developed 30+ test plans, including performance and security test plans for Employee Management, Attendance and Live Tracking System.
- Maintained regression test suite and other testing scenarios.
- Created key metrics and audit processes to ensure established goals were met.

Network and Service Engineer

DreamPix Software Solutions | 2019-2020

- Develop network engineering solutions from concept through implementation.
- Work with clients in the following areas: software defined networking, network access control, network security and device installation.
